

Subject: Application for Board of Directors Position - Alumni EM Normandie

Dear Members of the Board,

I hope this letter finds you well. I am writing to express my sincere interest in serving on the Board of Directors for Alumni EM Normandie. Allow me to introduce myself and share why I believe I am a suitable candidate for this esteemed position.

I hold a diploma in industrial design and am a civil engineering graduate. My academic journey led me to pursue a Master's in geotechnical engineering before discovering my passion for international management. At EM Normandie, I specialized in digital marketing and the service industry, seeking to gain valuable experience in this field.

As I approach the completion of my final year, I am eager to apply my skills and knowledge in a professional setting. Additionally, I bring entrepreneurial experience, having been involved in livestock farming since 2021 and exploring the cryptocurrency sector since 2022.

During my time at EM Normandie Business School, I served as a delegate, developing my leadership and communication skills. Furthermore, I gained practical experience as an Assistant Product Manager intern at Wanti Integrated Resources in 2021 and worked as a sales assistant in 2018.

While English is my native language, I am committed to improving my elementary level of French. As a final year student, I am required to undertake an end-of-study internship and am available to start as soon as possible.

Despite being based in Le Havre, France, I am enthusiastic about the opportunity to contribute to the success of Alumni EM Normandie. Fashion is a passion of mine, and I am currently pursuing a career in modeling alongside my academic endeavors.

I am eager to bring my diverse background, skills, and passion for fashion to the Board of Directors. Please find my contact information below, and I am available for an interview at your earliest convenience.

Thank you for considering my application. I am excited about the possibility of contributing to the success of Alumni EM Normandie.

Warm regards,

Ibrahim ADAMU
